SCHOOL POLICIES AND PROCEDURES

The following pages contain rules and regulations which are basic to each student's conduct. Discipline policies and procedures will be enforced consistently and fairly to all students. The following policies and procedures are basic to the smooth and efficient operation of an elementary school, and conducive to the development of good citizenship. It is our responsibility to provide an atmosphere that is conducive to student academic achievement. These policies and procedures, along with the cooperation of students, parents and faculty will allow us to fulfill this responsibility.

ATTENDANCE

Absenteeism

- a. A student who is returning to school after an absence should bring a parent or doctor's note to excuse the absence. Notes will be given to the student's homeroom teacher.
- b. All classes will be checked for absentees in the morning and after lunch.
- c. Students who are not in attendance at least 1/2 day will not be permitted to participate in, or attend any school-related activity.

Excused Absences include:

- a. Absences due to illness, physician visits, funeral/death of immediate family, and court appearances must meet established criteria. Parent notes are accepted for up to (3) days per quarter. The note must include the date absent, the reason for the absence, a phone number where a parent or guardian can be reached, and the parent or guardian's signature.
- b. The school is the final arbitrator of whether or not an absence is to be excused, even though the parent has sent an explanation.
- c. Additional absences in a school year may be deemed unexcused without a certified doctor's statement stating that the student was unable to attend school for the total number of days. Documentation including, but not limited to, physician's statements, court subpoenas, and other proof may be required to excuse an absence in a case other than personal illness.

Excused Absences and Make-up Work:

Make up and the deadline for turning in such work should be arranged cooperatively between the student and teacher.

Unexcused Absences:

After three unexcused absences, a child may be referred to the school counselor or service team for follow-up with the parents/guardians and initiation of supportive services, if necessary.

Students who have three or more unexcused absences will be required to attend a school detention from 3:15pm until 4:00pm to make up for lost time in class. Parents will be notified in advance if their child is being held for detention.

Unexcused Absences include:

- a) Absences which are for reasons other than illness or death in the family.
- b) Absences where there is no excuse from a parent or guardian, or an improperly signed excuse are presented.
- c) Absences for shopping, working, being needed at home, visiting relatives, etc., are not excused absences.
- d) Absences over the five day per semester limit without a physician's statement.

Unexcused Absences and Make-up Work:

Students who receive unexcused absences may only make up their work within five school days of the absence.

Students who are suspended can make up all work for 50% credit within five (5) days of returning from his/her suspension.

TARDINESS

- a) Students who are tardy to school must have a written note from a parent/guardian containing the reason for being tardy, a phone number where a parent or guardian can be reached, and the parent or guardian's signature.
- b) A student may receive an excused tardy with a doctor's note
- c) If tardiness persists, the student and parent may be required to appear for a conference with the Principal or Assistant Principal. If tardies persist after this conference, other disciplinary measures will be initiated. **Students who have three or more unexcused absences or tardies will be required to attend a school detention from 3:15pm until 4:00pm to make up for lost time in class.** Parents will be notified in advance if their child is being held for detention.

PRE-ARRANGED ABSENCES

- a. A request to the principal must be given at least two weeks in advance.
- b. It is imperative that the student be doing passing work.
- c. All work missed must be made up at a time other than regular class time.
- d. The principal has the authority to grant or deny a request.

COMPULSORY ATTENDANCE

Compulsory Attendance is mandated by KRS 159.010, which requires parents, guardians or custodians to send their child/children to school except as provided in KRS 159.030. Each parent, guardian, or other person residing in the state and having custody, guardianship, or in charge of any child who has entered the primary school program or any child between the ages of six (6) and eighteen (18) shall send their child to a regular public day school for the full term that the public school of the district in which the child resides is in session, or to the public school that the Board of Education of the district makes provision for the child to attend.

DEFINITION OF TRUANCY & HABITUAL TRUANCY

As described in KRS 159.150, any child who has been absent from school without valid excuse for three (3) or more days, or tardy on three (3) or more days is a truant. According to KRS 150, the definition of Habitual Truancy is any child who has been found by the court to have been absent from school without a valid excuse for three (3) or more days during one (1) year period or tardy for three (3) or more days on at least two (2) occasions during a one (1) year period.

Any child who has been reported as a truant two (2) or more times is a Habitual Truant.

EXCUSED ABSENCES including illness, physician visits, funeral/death of immediate family, and court appearances must meet established criteria. Parent notes are accepted for up to (3) days per quarter. Additional absences in a school year may be deemed unexcused without a certified doctor's statement stating that the student was unable to attend school for the total number of days. Documentation including, but not limited to, physician's statements, court subpoenas, and other proof may be required to excuse an absence in a case other than personal illness.

The following table illustrates how habitual unexcused absences and tardies will be handled:

Violation	Procedure
2 days of unexcused absences or tardies	2 day truancy letter and notification sent home from the elementary office that the next unexcused absence or tardy and any further unexcused absences and tardies, will result in a formal school detention.
3 days of unexcused absences or tardies	3 day truancy letter sent home from the elementary office, parent conference will be held with school officials, and a formal school detention will be assigned.
5 days of unexcused absences or tardies	Habitual truancy letter sent home from the elementary office, hearing with school officials will be held to place the student on a behavior contract, student may be assigned a Friday afternoon extended day detention (FAED), and home visits may also be conducted to determine reasons for habitual absenteeism or tardiness.
6 or more unexcused absences or tardies and lack of success by prior deterring consequences	The school may pursue truancy charges against the child and the child's parent (s) or legal guardian (s) through the Kenton County Court.

- a. Teachers may hold their own detention for students pertaining to discipline purposes as they deem necessary.
- b. Students who fail to report to a detention assigned by a teacher may be assigned to School Detention and will still serve that teacher's detention. Repeated failure to report to a teacher's detention may result in detention, FAED detention or suspension.
- c. There will be general School Detention held for 45 minutes Monday through Friday each day after school. Only the Principal or designee will assign students to this detention.
- d. Extracurricular activities and other parental requests will not be considered as an excused absence from detention.
- e. Detention assignments will be made for excessive tardiness, unexcused absences, and disciplinary purposes. Students tardy to detention will be dismissed and referred to the Principal.
- f. Failure to attend detention when assigned may result in FAED detention or suspension from school.
- g. Students assigned to detention are expected to bring classroom work to work on and needed materials to complete the assigned tasks.
- h. Continued failure to adhere to regulations regarding detention may result in FAED detention or suspension.

Rules for School Detention

FRIDAY AFTERNOON EXTENDED DAY (FAED) DETENTION

In general, this detention will be used for discipline problems that are relatively severe in nature. Students may also be placed in FAED detention when they have had numerous minor offenses, and ordinary school detention and other punishments have failed to correct the behavior.

13. Dress - School dress code rules will be in effect during FAED detention.

ENTERING AND LEAVING

Students may not enter the building prior to 8:00 A.M. unless they are eating breakfast. All students should be in the building at 8:10 A.M where they will report immediately to their homeroom. Students arriving after 8:20 A.M. will be considered tardy.

Students should leave the building at the conclusion of the school day. Those students under the supervision of a teacher for extra-curricular activities must be supervised by that teacher. Pupils who are in the building without permission and unsupervised will be referred to the office. The building should be cleared no later than 3:20 P.M. Teachers will be requested to take note of any unattended students in the building.

PROCEDURES FOR EARLY DISMISSAL OF STUDENT

All children are expected to stay in school until dismissal at the regular hour. All students dismissed before the end of the day are considered tardy. No child is allowed to leave school early for any reason, unless it is first cleared through the office. To leave school before the regular dismissal hour, a pupil should have a note from the parent stating the time the parent will be in the office to get the child. For the child's safety, the child shall not wait outside to be picked up. You will need to sign your child out in the office where he/she will meet you. Unless the school receives notice in writing from you, only those listed on the emergency data form will be allowed to sign out your child. Identification may be required.

HALL PASSES

When it is necessary for a student to leave the room for any purpose, it is the responsibility of the student to obtain a hall pass from the teacher. The teacher will indicate the student's name, destination, time leaving and time returning on the hall pass list.

TEXTBOOKS

Kentucky School Law carefully regulates the adoption of textbooks. All lost textbooks will be paid for by the student, and all damaged textbooks will result in a fine to be paid by the student. All textbooks issued to students will be collected at the end of the school year.

TELEPHONE

Students may be granted use of an office phone only in the case of illness or emergencies.

SCHOOL VISITATION

All parents/visitors must register in the office before visiting classrooms and/or gaining access to the building. Visitors MUST provide a government issued identification to enter the school. Access to classrooms and/or the building will not be granted unless an appointment or conference has been scheduled and the office is notified. Staff members may not talk to parents/visitors or allow entrance to classrooms until parents/visitors have registered in the office. All visitors must be wearing an identification sticker and/or lanyard. Visits during lunch will be limited to once per week and must be arranged prior to the day of the visit. This is for the protection of all of our students.

LOST AND FOUND

Lost and found items are placed in the Principal's office so that they may be claimed by the appropriate student. Unclaimed Items may be donated to charitable organizations at semester breaks.

CONFERENCES

Conferences may be requested by an administrator, teacher, or parent. If an issue exists with a teacher or classroom situation, parents are expected to first discuss the issue with the teacher. Additional problems should be referred to the principal. If parents wish to confer with an administrator or teacher, please call the school office to arrange an appointment. This is the only way we can insure that the individual you wish to meet with will be available. If parents have any questions, concerns, or problems, they should not hesitate to call and arrange to meet with us.

2. The school nurse must approve all medications before medication will be dispensed by school personnel.
3. A parent/guardian must bring the child’s medication to the school office.

STUDENT DISCIPLINE CODE

PROCEDURES FOR DEVELOPMENT AND ANNUAL REVIEW OF THE CODE, ANNUAL ORIENTATION OF STUDENTS, PARENTS, AND TEACHERS

DEVELOPMENT

This CODE OF CONDUCT was developed through the cooperative efforts of the individuals on the Discipline Code Committee. The committee met as a group in a series of meetings in an effort to develop a code which reflects the community's standards and expectations for student behavior.

ANNUAL REVIEW

The committee shall meet annually at the end of the school year to review the discipline code, to update it, and to consider any suggestions, comments, or other feedback from the school community for implementation.

ANNUAL ORIENTATION

At the beginning of each school year, a copy of the CODE OF CONDUCT shall be sent home with each student so both parent and student may become familiar with the code. Class assemblies will be held within the first week of school to familiarize the students with the content of the code. Teachers will be familiarized with the code preceding the beginning of the school year. Students, teachers, administrators and other personnel who join the school system during the course of the school year shall receive copies upon entering the district.

ASSURANCES

NON-DISCRIMINATION

The Ludlow Independent Schools will enforce the rules consistently and with equal treatment regardless of religion, race, sex, or national origin. The students have the responsibility to obey the rules and regulations and to cooperate with those who must enforce them.

DUE PROCESS

All students have specific rights related to due process when they encounter a suspension or expulsion procedure. These rights are delineated in KRS 158.150:

(2) A pupil shall not be suspended until after at least the following due process procedures have been provided:

- A pupil has been given oral or written notice of the charge or charges against them which constitute cause for suspension;
- The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and

- The pupil has been given an opportunity to present his own version of the facts relating to the charges.

These due process procedures shall precede any suspension unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.

APPEAL PROCEDURES

Parents/Guardians desiring to question actions taken by school personnel may follow this procedure:

1. If the problem is related to the classroom, the parent/guardian will contact the Principal to arrange a conference with the classroom teacher, as soon as possible, to discuss the problem.
2. If this conference does not resolve the situation, the teacher and parent will arrange for a conference with the principal or his/her designee with a minimum of delay.
3. If the problem is not related to the classroom, the parent will contact the Principal directly.
4. If none of the above procedures results in a satisfactory solution to the problem, the parent shall state his/her complaint in writing and may request a conference with the Superintendent or his/her designee.
5. During this conference either party may have present individuals having knowledge relative to factors involved. The other party shall be notified in advance if such persons are to be present.
6. The Superintendent or his/her designee will advise the parent in writing of the disposition within fourteen (14) days after the conference.
7. The parents may appeal in writing to the Superintendent who will arrange a meeting with the Board of Education if the parents/guardians are not satisfied with the decision of the Superintendent or his/her designee.

DISCIPLINE

POLICY AND PHILOSOPHY STATEMENT

The ultimate purpose of education is to help each student explore his capabilities and become an effective citizen. Developing and accepting responsibilities and obligations is a major part of this purpose. The Ludlow Board of Education's primary concern in the area of discipline is that students have the opportunity to learn in an environment conducive to learning. Means of discipline should be employed to inhibit those few students who would destroy or deny such an environment.

The following three definitions have served as guidelines in the development of a District-wide Code of Student Conduct:

Citizenship--is the status of being a member of the Ludlow Independent School District entitled to the privileges and obligations of that membership.

Discipline--is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment and the rights of others.

- Ideal discipline is self-directed and self-controlled. Schools and community and parents share the responsibility for helping students develop self-discipline.
- Discipline is necessary to assure an orderly environment in which each person may live and learn to his/her capabilities in harmony with others.
- When self-control falters and self-discipline fails, disciplinary forces outside the individual must be imposed to protect the rights of others. The student's age is a factor in determining expectations for self-discipline.

RESPECT FOR SELF, OTHERS AND PROPERTY is based upon those accepted traits acknowledged by a majority of the school community which an individual is willing and able to recognize in himself or others and which lead to a high standard of conduct. Respect for property is demonstrated by a student body which displays pride of ownership through preservation, protection and proper utilization and maintenance of facilities and equipment of the school district and of personal property. These traits, if recognized by an individual, will lead to a high standard of conduct.

The following code of conduct provides grievance procedures to promote an atmosphere of open communication and fairness as required by constitutional due process.

This code should also encourage behavior that will enable pupils to develop to their fullest potential. Students will be responsible for this code in school, at school-sponsored or school-related activities and on school buses. It is expected that sound, fair and equitable judgment should be considered by pupils, teachers, principals, parent/guardians and others in applying the principles of the code of conduct. This policy applies to all students in the Ludlow Independent School District.

Any such person may, within the scope of his employment, use and apply such amounts of physical restraint as may be reasonable and necessary to protect oneself, the pupil, or others from physical injury, to obtain possession of a weapon or other dangerous objects within control of the pupil, or to protect property from serious harm. (704 KAR 7:055)

- b. The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and
- c. The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges.

These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension. The superintendent or principal may suspend a pupil but shall report such action in writing immediately to the superintendent and to the parent, guardian or other person having legal custody or control of the pupil. SEARCH AND SEIZURE POLICY

School Lockers and Desks

School lockers and desks in the Ludlow Independent School District are school property and are under the ultimate control and custody of the Board. The Board hereby declares it to be a matter of public policy that it reserves the right for school officials to inspect the contents of school lockers and desks.

The following guidelines are to be followed before a school official searches the contents of school lockers and desks:

- a. The search is based on reasonable suspicion for believing that something contrary to school policy or significantly detrimental to the school and its students will be

- found in the locker or desk. Police drug dogs may be used to search the school facility.
- b. The school officials have attempted to notify all students by written word and public announcement that school lockers and desks are school property and are subject to search for contraband, stolen articles, controlled drugs, alcoholic beverages, dangerous weapons, or any property belonging to the Board which is not property in the possession of the student.
 - c. The school officials have attempted to notify all students by written word and public announcement that school officials have keys or combinations to the school lockers and that the Board reserves the right for school officials to search the lockers and desks.
 - d. The primary purpose of the search bears a rational relationship to a legitimate education interest and is to secure evidence of student misconduct for school disciplinary purposes. However, in certain circumstances the evidence could be made available to a law enforcement official. If evidence of a crime or grounds for a juvenile proceeding is lawfully obtained by a school official, it may be turned over to a law enforcement officer for his use.
 - e. Any search of student lockers or desks shall be, when possible, conducted by the school official in the presence of the student whose assigned locker is the subject of the search.

Search of a Student's Person or Personal Belongings

School officials may search a student's clothing, accessories (Purse, wallet, book sack, notebook, gym bag, etc.), or his/her body, if there is reasonable cause to believe the student has in his/her possession contraband, stolen articles, controlled drugs, alcoholic beverages, or dangerous weapons. Searches of the student's body shall be limited to a "pat down" of the exterior of the student's clothing. Such a search of the person of a student "pat down" shall be conducted in a private room by a person of the same sex as the student being searched. At least one but not more than three additional persons of the same sex as the student being searched shall witness but not participate in the search. At the request of the student to be searched, an additional person of the same sex as the student designated by the student, and reasonably available on school premises, shall witness the search. The parent or guardian of any student searched shall be notified of the search as soon as reasonably possible. Such notification should be by telephone. If unable to notify by telephone, a letter shall be mailed with return receipt requested.

Should the school official not be of the same sex as the student to have his/her person searched, said school official shall designate a staff member to conduct the "pat down." Other staff members that could be designated for this purpose include, but are not limited to, the school health nurse or a guidance counselor. Witnesses designated by the school official could be classroom teachers. No official shall conduct a strip search of any student enrolled in the Ludlow Independent School District.

The following guidelines are to be followed before a school official conducts a search of a student's person or personal belongings:

- a. The search is based on a reasonable suspicion for believing that something contrary to school rules or significantly detrimental to the school and its students will be found in the search of the student's person or personal belongings.

- b. The school officials have attempted to notify all students by written word and public announcement that the Board hereby grants school officials the authority to search a student's person or personal belongings.
- c. The primary purpose of the search of a student's person or personal belongings bears a rational relationship to the legitimate education interest of the school system.
- d. The school officials have attempted to notify all students by written word and public announcement that, if during a search of a student's person or personal belongings the school official, or his designee, does discover contraband, stolen articles, controlled drugs, alcoholic beverages, or dangerous weapons such unlawful items found could stand as evidence and as a bases for cause in a suspension or expulsion hearing.

DISPOSAL OF ANYTHING FOUND IN COURSE OF SEARCH

Anything found in the course of a search conducted in accordance with this section which is evidence of a violation of the student conduct standards contained in the applicable Board policy may be:

- a. seized and admitted as evidence in any suspension or expulsion proceeding if it is tagged for identification at the time it is seized and kept in a secure place by the school official until it is presented at the hearing;
- b. returned to the parent or guardian of the student from whom it was seized; or
- c. destroyed if it has no significant value.

DEFINITIONS OF TERMS IN THIS POLICY

As used in this policy statement the term "reasonable suspicion" means circumstances which would cause a reasonable person to believe that the search of a particular person, place, or thing will lead to the discovery of:

- a. evidence of a violation of the student conduct standards contained in the Board policy statements or student handbook;
- b. anything which because of its presence presents an immediate danger of physical harm or illness to any person.

A search is made if the school official, or his designee, compels a student to produce or at least expose matter otherwise covered from the plain view of the school official or his designee.

The term "school official" applies to any school administrator employed by the Board. The term does not include teachers.

The term "school premises" refers to property under the control of the Board of Education.

SCHOOL RESOURCE OFFICER or LAW ENFORCEMENT OFFICER

A school resource officer will now be available full-time in Ludlow Schools. He is a qualified and sworn police officer who operates within the school district at the discretion of the building

CRIMINAL VIOLATIONS

Those offenses listed under Class II offenses in the Discipline Code which may also be classified as criminal acts, or violation of any other local, state, or federal criminal statute will be referred to civil authorities and result in immediate removal from school pending a hearing before the board in accordance with KRS 158.150, KRS 158.154, KRS 158.155, and KRS 158. (), and KRS 620.030

SPECIAL EDUCATION STUDENTS

Students who create a dangerous or disruptive situation may be suspended from school. The due process procedure that should be followed for shorter term suspensions are the same for all students and are outlined in KRS 158.150. The behavior of exceptional (special education) students and students who have been referred for evaluation for possible special education placement and/or related services should be considered during the initial Admissions and Release Committee (ARC) meeting. Behavioral interventions, treatment and consequences should become a part of the Individual Education Plan for that student. Should these interventions prove unsuccessful, as evidenced by misconduct of the student, the issue should be brought to the appropriate ARC to make changes in the student's program which might result in more appropriate behaviors.

BULLYING/HAZING

Bullying: means any unwanted verbal, physical, or social behavior among students that involves a real or perceived power imbalance and is repeated or has the potential to be repeated. That occurs on school premises, on school-sponsored transportation, or at a school sponsored event:

1. This definition shall be interpreted to prohibit civil exchange of opinions or debate or cultural practices protected under the state or federal Constitution where the opinion expressed does not otherwise materially; or
2. Substantially disrupt the educational process

In order to effectively participate in the democratic process as adults, students must learn to respect the rights of others and to interact with them in a civil manner. Therefore, students are required to speak and behave in a civil manner toward students, staff and visitors to the schools.

Failure to do so will be considered a violation of the dress code and handled at administrative discretion.

ANNUAL NOTICE TO PARENTS OF TERRORISTIC THREATENING

Dear Parent/Guardian,

Our most important function in (School District) is to provide the safest learning environment possible for all of our students and school staff members.

Unfortunately, in recent years, Kentucky's P-12 schools have experienced an escalation of terroristic threats being made by students with intent to do harm to either other students or school staff members. Plainly stated, these are threats being made to shoot people or detonate bombs with lethal intent. In fact, between January 23 and April 30th of last school year (2018), Kentucky schools experienced (294) terroristic threats that caused widespread fear throughout the school's community and resulted in total disruption to the educational process. In many of those cases, school officials and law enforcement officials were forced to close schools to investigate the threats that had been made. In other cases, school attendance plummeted for days after the threat was made. Many school leaders have said that the emotional, instructional, and financial impacts of these acts are incalculable.

Terroristic Threatening in the second degree is defined in state law (KRS 508.078)

(1) A person is guilty of terroristic threatening in the second degree when, other than as provided in KRS 508.075, he or she intentionally:

b) Makes false statements by any means, including by electronic communication, for the purpose of:

- 1. Causing evacuation of a school building, school property, or school-sanctioned activity;**
- 2. Causing cancellation of school classes or school-sanctioned activity; or**
- 3. Creating fear of serious bodily harm among students, parents, or school personnel**

(For the complete text for KRS 508.078 please see the attached page.)

Such threats to our students and school staff are totally unacceptable and will not be tolerated. As a result, the purpose of this letter is to notify all parents and guardians that school district officials (in coordination with responding law enforcement agencies) will **pursue immediate legal charges for felony terroristic threatening in the second degree, to the absolute fullest extent of the law, against anyone who makes such threats, including students.** Moreover, we will advocate to our highest ability that the prosecution of these individuals be swift and their punishment be severe.

Our approach to eliminating terroristic threatening in our school and district is strong and unwavering, and as a result, it is imperative that you discuss this critically important matter with your student as soon as possible. School and law enforcement officials are determined to put a halt to these willful acts of terrorism being made toward our students. Please do your part to ensure that your student never becomes a party to such an offense by educating him/her on the seriousness of its consequences.

Together we can prevent this unnecessary, dangerous, and disruptive crime from victimizing our schools. I appreciate your partnership in keeping our school the safest place for your student to learn and grow.

If you have any questions or concerns, please contact me at your convenience.

Sincerely,

Jason Steffen, Principal

3. A student at any point in the complaint process has the right to call the Equal Educational Opportunities Coordinator in Frankfort at (502) 564-6916. This person will only act as a consultant.
4. At any step in the informal or formal process, the student has the right to call the Office for Civil Rights in Atlanta.
5. The school authorities shall inform all students, staff, and parents of the provisions of this regulation and any modifications. This must be done once a year.

FORMAL COMPLAINT PROCESS

Step 1

A complaint shall be filed in writing with the Title IX, Title VI, and Section 504 Coordinator within fifteen (15) school days of the knowledge or alleged cause. The student shall set forth in writing the nature of the violation and the dates it occurred, and it must be signed by the student making the complaint.

Response

The designated Title IX, Title VI, and Section 504 Coordinator shall notify the complainant in writing within five (5) school days from the date of the written notice what (if any) action was/or will be taken.

***Note

If the coordinator does not resolve the complaint to the satisfaction of the student, the student may appeal to the next step.

Step 2

The student (complainant) may appeal in writing to the school principal within five (5) school days of the date of the coordinator's response in Step 1. This written notice must contain all written information from the student and the coordinator's response

***Note

If appeals are not made, it is assumed the decision at that level is accepted.

If a student has a complaint other than discrimination based on the above items, you would follow the procedure identified above except for contacting the Office of Civil Rights.

Complaint Procedures for Parents

This procedure is for the use of any parent or guardian to appeal disciplinary measures in regard to any Class II Offense or Class I Offense which results in Suspension or Corporal Punishment. Parents/guardians desiring to question any and all actions taken by school personnel may follow this procedure.

If the problem is related to the classrooms, the parent/guardian will contact the principal to arrange a conference with the classroom teacher as soon as possible to discuss the problem.

If this conference does not resolve the situation, the teacher and the parent will arrange for a conference with the Principal or his/her designee with a minimum of delay. If the problem is not related to the classroom, the parent will contact the principal directly. If none of the above procedures results in a satisfactory solution to the problem, the parent shall state his/her complaint in writing and may request a conference with the Superintendent or his/her designee. During this conference either party may have present individuals having knowledge of factors involved. The other party shall be notified in advance if such persons are to be present. The Superintendent or his/her designee will advise the parent in writing of the disposition of the case fourteen (14) days after the conference.

LUDLOW INDEPENDENT SCHOOL DISTRICT **USE OF ELECTRONIC MAIL AND THE INTERNET**

We are pleased to offer students of the Ludlow Independent School District access to the district computer network for electronic mail and the Internet. The Internet, a global electronic information infrastructure, is a network of networks used by educators, businesses, the government, and the military and other organizations. In schools and libraries, the Internet can be used to educate, inform and entertain. As a learning resource, the Internet is similar to books, magazines, video, CD-ROM and other electronic informational sources. To gain access to E-mail and the Internet, all students must obtain parental permission and must sign and return the attached form to the District Technology Coordinator.

Access to E-mail and the Internet will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make the Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Ludlow Board of Education supports and respects each family's right to decide whether or not to apply for access.

ELECTRONIC MAIL AND INTERNET RULES AND REGULATIONS

Students are responsible for appropriate behavior on school computer networks just as they are in the classroom. Communications on the network are often public in nature. The network is provided for students to conduct research and communicate with others. Access to network services is given to students who agree to act in a responsible manner. Parent permission is required and access is a privilege-not a right.

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for restricting, monitoring or controlling the communications of individuals using the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

Within reason, freedom of speech and access to information will be honored. During school hours, teachers will guide students toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as books, periodicals, television, telephones, movies, radio and other potentially offensive media.

As outlined in Board policy and procedures on student rights and responsibilities, copies of which are available in school offices,

THE FOLLOWING ARE NOT PERMITTED:

- Sending or displaying offensive messages or pictures
- Using obscene language
- Harassing, insulting or attacking others
- Damaging computer systems or computer networks
- Violating copyright laws
- Using another's password
- Trespassing in another's folder, work or files
- Intentionally wasting limited resources
- Using the network for commercial purposes
- Other unethical use of the Internet
- Violating the integrity of the private electronic mail system

Violations may result in loss of access as well as other disciplinary or legal action.

Before a student can access the Internet for research materials, the student must perform the following procedures:

- Read the E-mail and Internet Rules and Regulations
- Sign the E-mail and Internet User Agreement
- Have a parent or guardian read and sign the E-mail and Internet User Agreement
- Give the signed agreement to the school office or your child's homeroom teacher

This form is completed at the time of enrollment in Ludlow Elementary School.

MEDIA & DIRECTORY INFORMATION

Parents/Guardians can choose to not allow a student's image to be used in outside publications, such as the newspaper or the school/district's social media. Parents/Guardians also have the right to not allow their child's directory information to be released to organizations, such as colleges or military branches (typically applies to older students). If a parent/guardian chooses not to allow the release of both/either item listed above, the parent/guardian must notify Susan Mahan in writing. Once received, that notice will be applied to the student's record for that full school year. Mrs. Mahan can be reached at susan.mahan@ludlow.kyschools.us or 859-261-8211.

School-Parent-Student Compact

Mary A. Goetz Elementary

School staff and parents/guardians share a common goal: To support each child to achieve success in the classroom. Together, we can make this happen for each and every student. Each group has a role in achieving this goal, and they are outlined below. School staff members commit to these goals, and we hope parents and students will do the same.

We Ask that Parents/Guardians Commit to the Following:

- Monitor daily school attendance to ensure that students arrive on time and are present every day.
- Become familiar with and support the school and individual classrooms' homework policies and show interest with questions and comments on the school work their child brings home.
- Make sure any homework is completed.
- Assist their child with time management.
- Participate, as appropriate, in decisions relating to their child's education.
- Stay in close communication with teachers and the school about their child's education by promptly reading all notices and surveys from the school or school district and responding if necessary.
- To the extent possible, consider volunteering, serving on a school council/committee, attending School-Based Decision Making (SBDM) Council meetings, and commenting on the draft policies and plans as they are made available.

We Ask that Students Commit to the Following:

PRIMARY

- Attend school as regularly as possible.
- Follow the school and classroom behavior standards.

INTERMEDIATE

- Attend school as regularly as possible.
- Follow the school and classroom behavior standards.
- Bring necessary learning materials to school and to class.
- Complete and turn in all assigned homework.
- Give parents/guardians all notices and information received from school.

The School Staff Commits to the Following:

- Provide high-quality curriculum and instruction in an effective, supportive, and safe learning environment that enables the students to meet Kentucky's academic standards.
- Provide information on the content that students will learn each year through the methods listed in our Curriculum Policy.
- Assign homework in accordance with our Homework Policy.

- Provide parents with frequent reports on their child’s progress. Specifically, we will provide formal reports every nine (9) weeks.
- Hold Parent-Teacher Conferences during which this compact will be discussed as it relates to the individual student’s achievement. Opportunities (where appropriate) will be provided for the student to participate actively in sharing information on his or her progress with his or her parents during these conferences.
- Provide parents reasonable access to staff. The email addresses and telephone extensions of their child’s teachers will be provided to parents to promote communication. Staff will always be available to parents by appointment for face-to-face conferences.
- Send home newsletters at least four times per year that include information on ways families can help students learn.
- Support an active Parent-Teacher Organization (PTO).
- Provide parents opportunities including, but not limited to:
 - Observing their child’s classroom activities
 - Tutoring
 - Assisting with classroom activities that require more than one adult
 - Preparing materials, mailings, refreshments, and other items needed for family and community involvement
 - Serving on one of our decision-making committees
 - Joining our Parent-Teacher Organization (PTO) and participating in its efforts to strengthen our school
 - Volunteering along with other concerned members of our community in other areas as needed
- Ensure that all adult volunteers working in our school and with our students are subject to board policy and state law regarding criminal record checks, as applicable.
- The Family Resource & Youth Service Center will survey families at least once per year to learn what services and activities would most help them support their children as learners. The FRYSC will offer a well-planned, well-publicized menu of activities and programs to meet these needs.
