

Infinite Campus

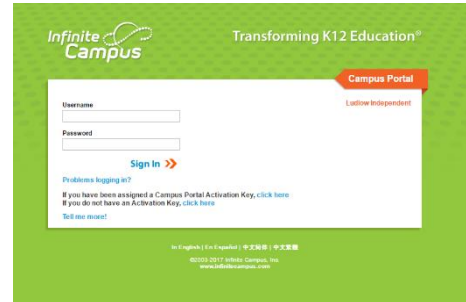

Family Logins for Parents & Guardians

Using Infinite Campus is a great way to stay connected! Once you've created a username and password for your Infinite Campus Parent Portal, you'll be able to access the portal through the web or on a mobile device. A parent/guardian login allows you to see information on all the children in the household with one single login.

When using the web, go to our district page:

www.ludlow.kyschools.us

- > Click on the *Parents* dropdown menu
- > Choose *Infinite Campus*
- > Use your username and password to log in

When using a mobile device:

Go to your mobile device's store

- > Download the *Campus Parent* app
- > Enter "Ludlow Independent" the district and choose "Kentucky" for the state
- > Enter your username and password to log in
- > Click to accept notifications from the app
- > Go to *Settings* (in your profile) to select what type of notifications you want

Through Infinite Campus, you can:

- ✓ Check grades and assignments
- ✓ See missing work
- ✓ Check attendance
- ✓ See reports (schedules, progress reports, report cards, or transcripts)
- ✓ Check your student's meal account
- ✓ Make payments for cafeteria, school fees, or tuition
- ✓ On your child's schedule, you can click to email the teacher
